about GLI Above
Ground Fencing.

ADD A NEW LEVEL OF SECURITY TO YOUR POOL!

- Decreases risk of unauthorized use of pool.
- Keeps toys, ball and floats in pool.
- Easy, do-it-yourself installation.
- Fits most makes of above ground pools.
- Buy only as many modular sections as you need.

This fence is made from sturdy yet lightweight rustproof resin and can be installed by pool owners with little effort. The attractive fencing keeps toys, balls and floats within the pool - and inhibits pool use by toddlers and other unauthorized children and pets. The Protect-A-Pool® fencing system fits most popular above ground pools and can be purchased in modular sections as needed.

Kit	Description
Base Kit "A"	8-section base kit. Base kit includes two end posts; one to start the installation and one to complete the installation
Add-on Kit "B"	Expands the "A" kit by three sections
Add-on Kit "C"	Expands the "A" kit by two sections
Gate	

Note: One fence section covers one pool top seat/top rail, or the distance between two pool uprights.

Seats	Req'd Kits	Seats	Req'd Kits
8	1A	17	1A, 3B
10	1A, 1C	18	1A, 2B, 2C
11	1A, 1B	19	1A, 3 B, 1C
12	1A, 1C	20	1A, 4B
13	1A, 1B, 1C	21	1A, 3B, 2C
14	1A, 2B	22	1A, 4B, 1C
15	1A, 1B, 2C	23	1A, 5B
16	1A, 2B, 1C	24	1A, 4B, 2C

MODULAR SECTIONS

Fencing is available in white maintenance free rustproof resin. Buy only as many sections as necessary. The number of fence sections on a pool varies by pool size, shape and manufacturer as well as decks, ladders and other forms of entrance systems into the pool.

SIMPLE INSTALLATION

Support posts are easy to install. Fencing can be erected quickly on virtually any size or shape above ground pool
